

Uniting Human Potential

SOCIALNETWORK

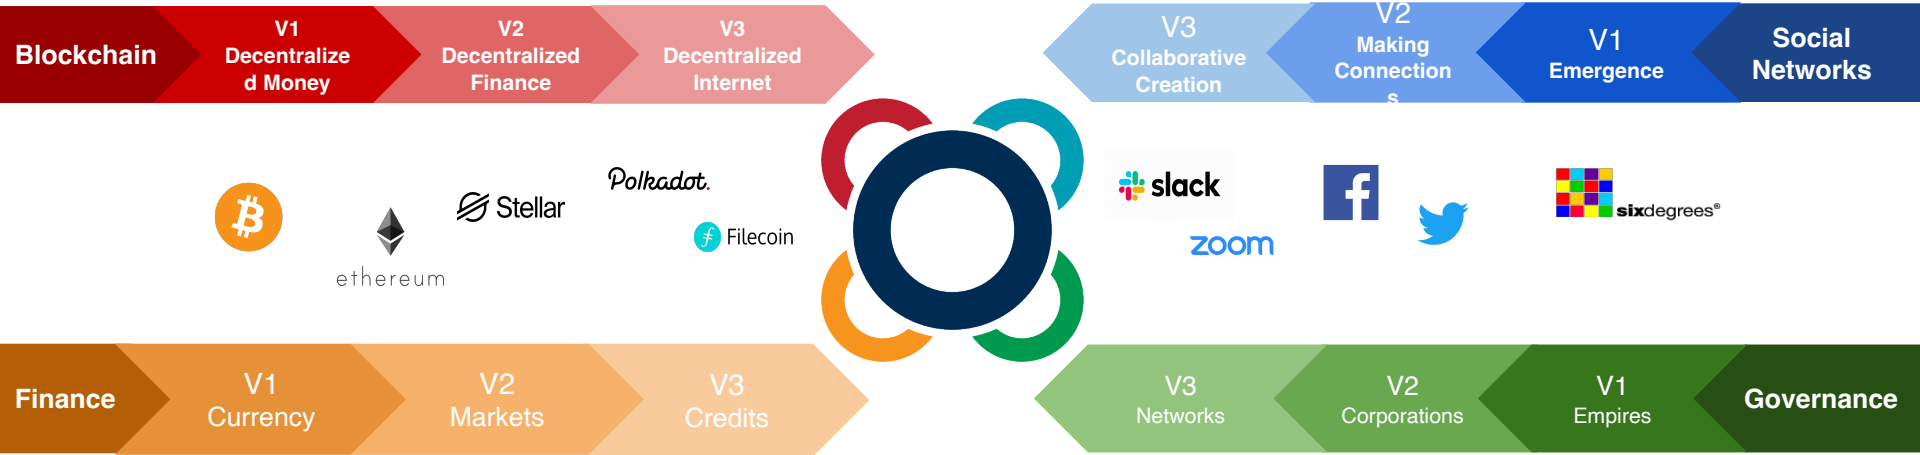

social.network

Social.Network is a protocol for decentralized autonomous organizations. It enables networks of individuals to control funds, governance, and communication without a central authority.

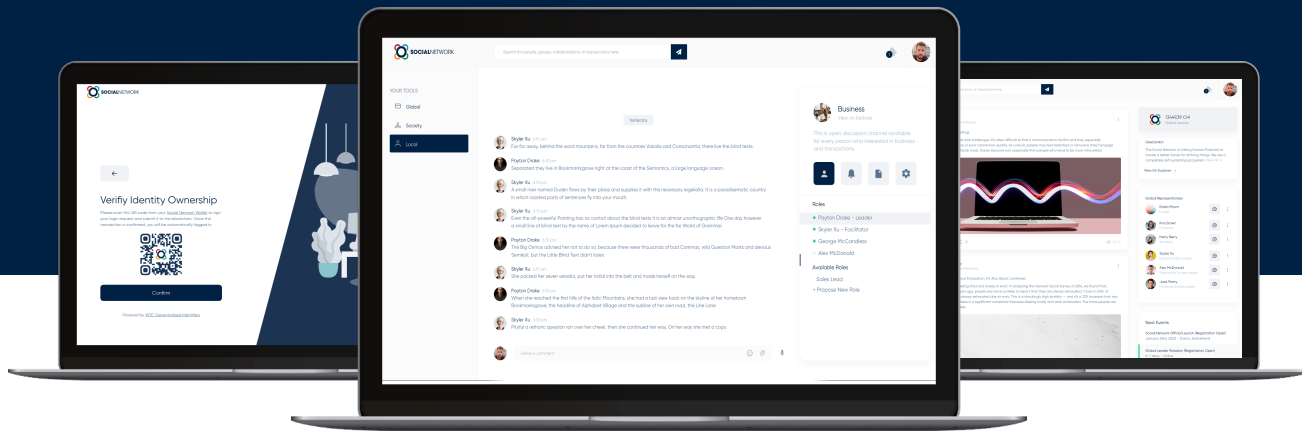

Bringing DAOs to the masses

Evolving Human Organization

social.network is positioned to solve the greatest challenge of the generation

WEB & DESKTOP COLLABORATION PLATFORM

SELF SOVEREIGN ID

Own your ID authentication powered by W3C approved decentralized identifiers.

SOCIETIES

Create or join Societies to collaborate within circles to achieve the Society goals. DAO tools enabled.

GLOBAL

Representatives from top Societies collaborate on the public global feed to achieve the global goals.

DAO'S IN THE PALM OF YOUR HAND

iOS + ANDROID MOBILE APP

SELF-SOVEREIGN IDENTITY

DIGITAL ASSETS WALLET

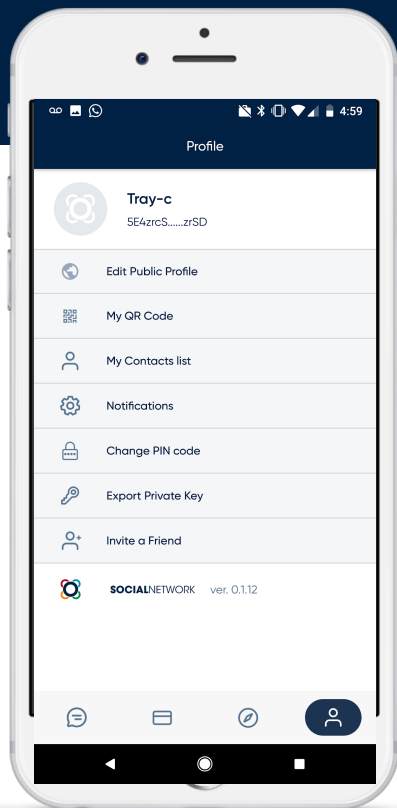

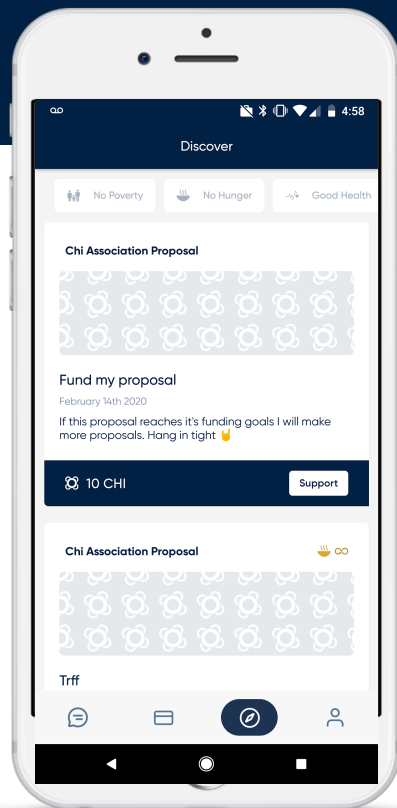

ENCRYPTED MESSAGING

SECURED VOTING

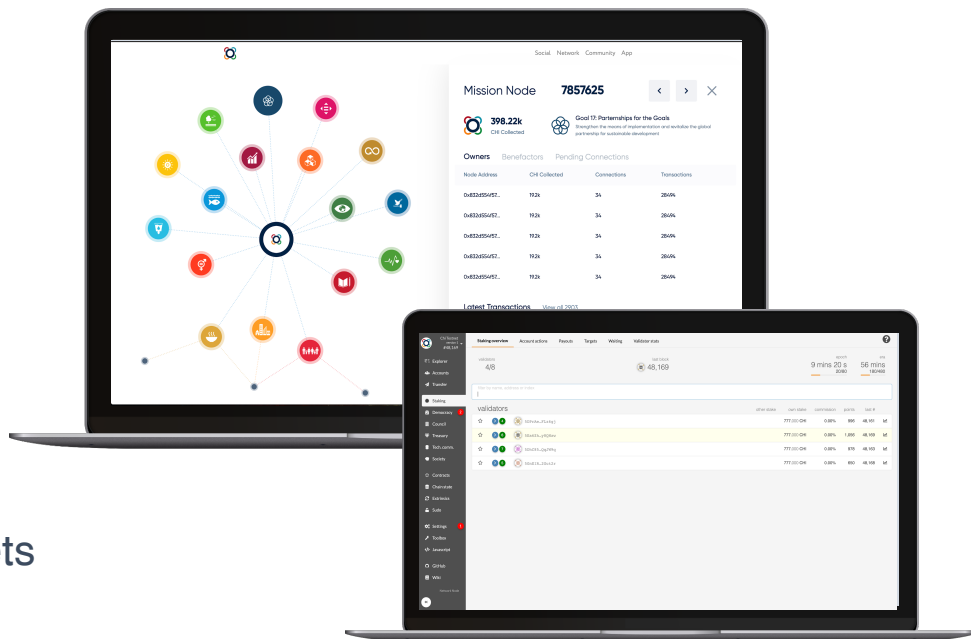

SOCIAL RECOVERY

The Blockchain

an open protocol that enables a sustainable financial and governance system for all living things.

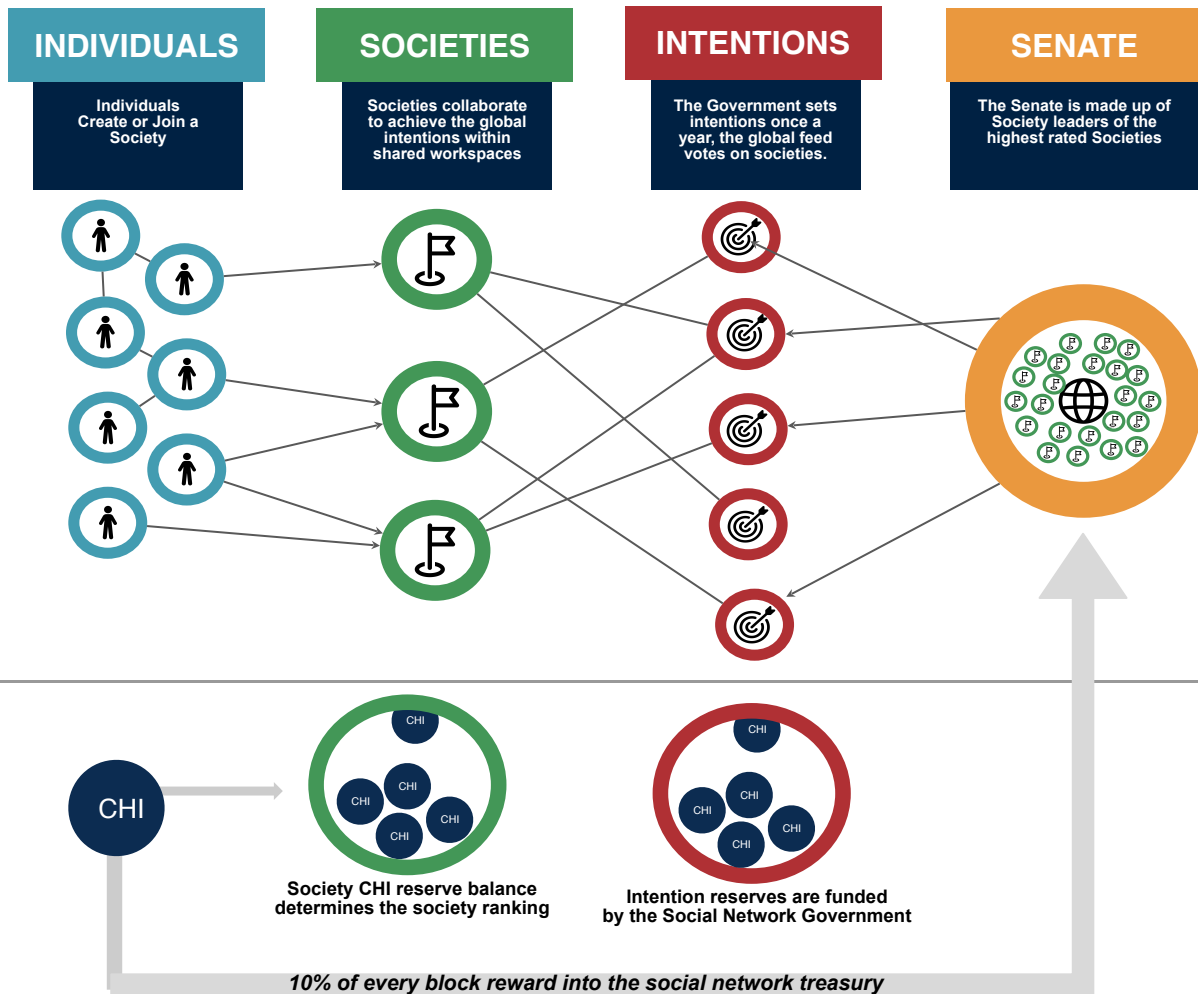

- Delegated Staking
- Smart Contracts
- On-chain Governance
- 7 second block finality
- Integrated Treasury
- Block & Treasury Explorer
- Democratic Voting System
- W3C Decentralized Identifiers
- Decentralized Finance
- Decentralized Data (coming soon)
- User friendly iOS/Android/Web wallets

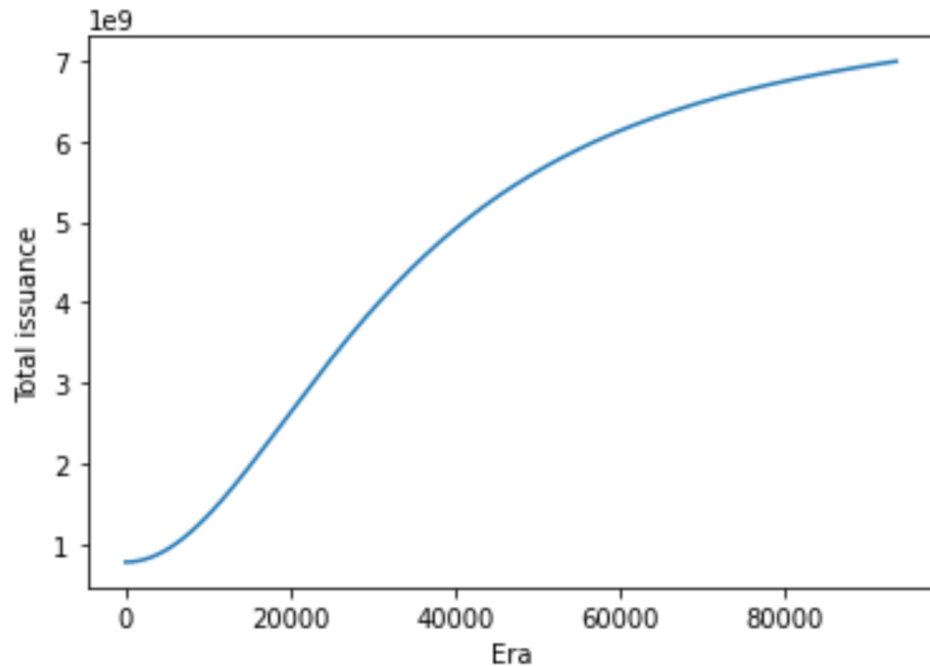

The Blockchain DAO

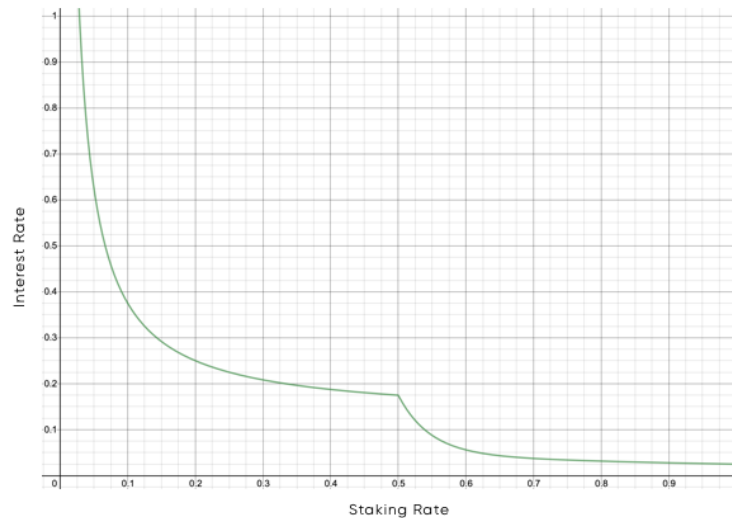

100% Self-sustaining ecosystem

Tokenomics

Total CHI approaches 7.7B as the year approaches 2030.

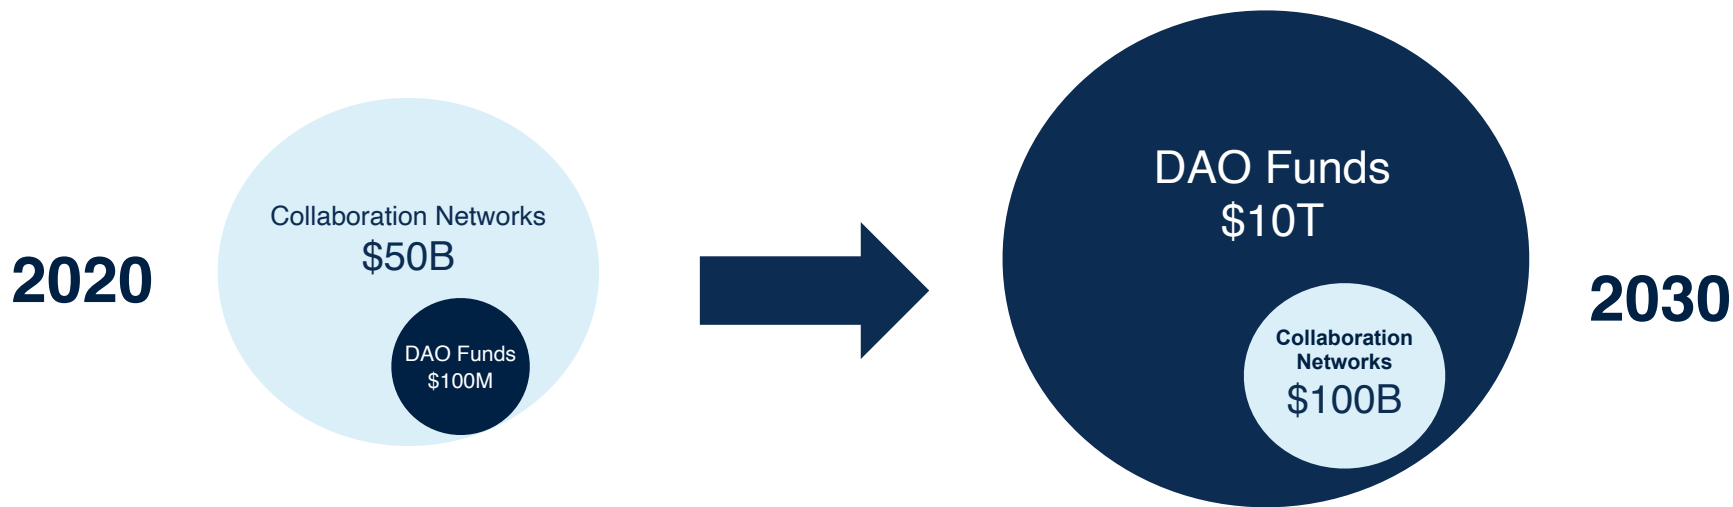

Target 50% stake rate with ~20% interest rate.

Platform Revenue

Circles	Societies	Missions	Enterprise
User account balance over 1 CHI	Society account balance over 100 CHI	Mission account balance > 10,000 CHI	Custom \$\$\$
Encrypted Collaboration Chat & Workspace	Create your own private workspace	Senators Only	On premise deployment
Access to exclusive content & voting mechanism	Shows collaborators & intentions	Private Workspace	E2E encryption
Access to social network contributors	Post on society feed	Manage Global Treasury	Customized Solutions
Access to exclusive events and retreats	Admin is Society Leader		

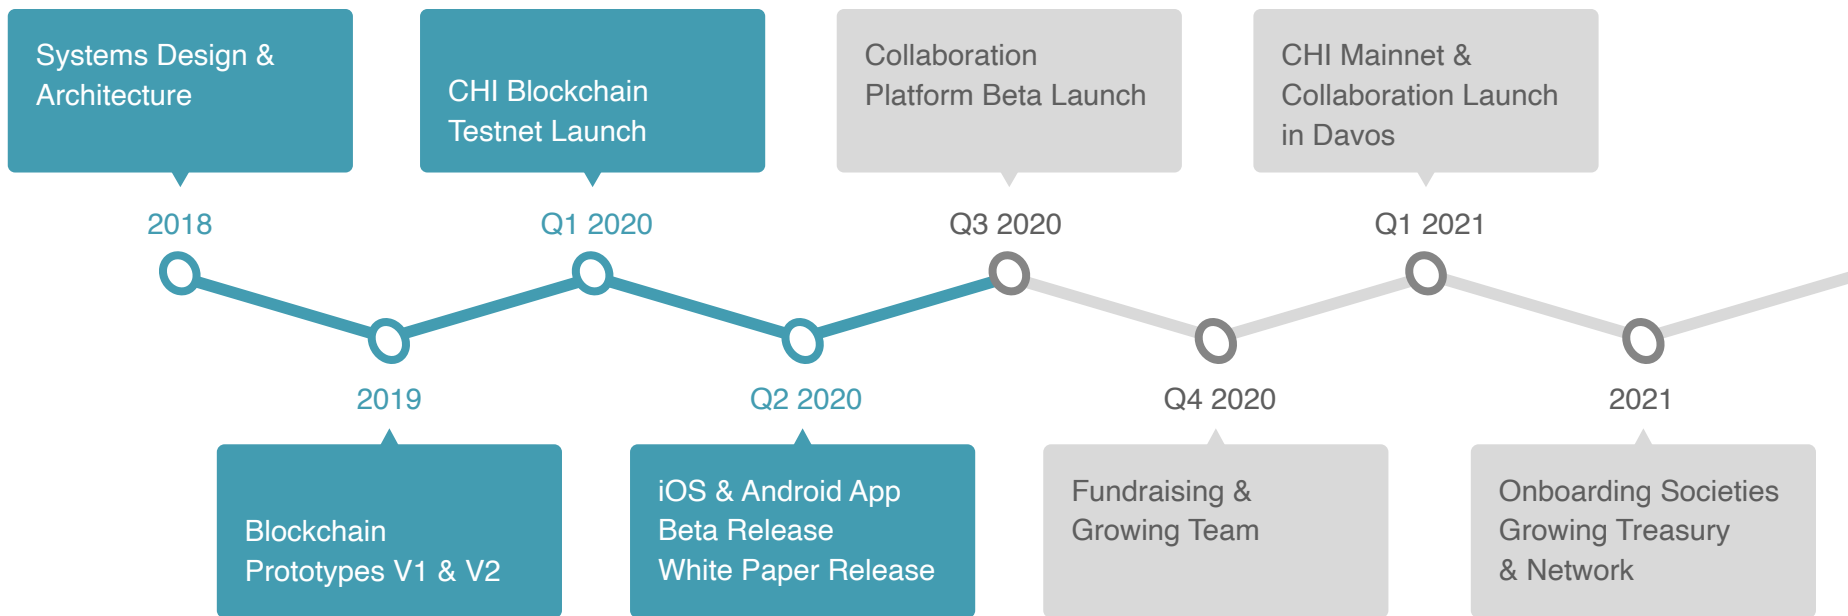

Additionally a portion of the transaction fees goes into the Social Network DAO.

Looking Forward

DAO's Controlled by Collaboration Networks are the future of Human Organization
